

Metal Section Accessories

Knauf Angle Sections

Knauf Shaftwall systems offer economic solutions to provide non-load-bearing lift or stair enclosures, utilising a lightweight framework built from one side.

Galvanised mild steel angles for use with partitions, column and beam encasements and suspended ceilings.

Compliance: EN 14195.

Dimensions (mm)				Material No.	Pack Details	
Gauge	Size	Length	Angle (deg°)		Lengths/Pack	Kg (Approx.)
0.70	25 x 25	3000	90	258285	10	11
0.70	25 x 50	3000	90	258286	10	16
